EXPERIENCE

BIG BUCKS INNOVATION PRIVATE LIMITED | MACHINE LEARNING INTERN

Jun 2024 – Jul 2024 | Chennai

- Developed ML models for regression, sentiment analysis, object detection (YOLO), and classification (KNN), optimizing performance.
- Implemented data preprocessing techniques to enhance model accuracy, improving predictions by 85 percent.
- Collaborated on end-to-end deployment of ML pipelines, integrating models into real-world applications.

INTEL UNNATI | GENAI INTERN

Feb 2025 – mar 2025 | Bengaluru

- Developing a full-stack GenAI-powered interactive learning app with a structured frontend and backend architecture.
- Building the frontend using Pygame, integrating AI-driven content for an engaging and dynamic user experience.
- Implementing backend services with Node.js and MongoDB, leveraging Big Data and Data Warehousing for efficient data storage, retrieval, and scalability.

PROJECTS

NEXED | AI-POWERED LEARNING PLATFORM

- Contributed to website development and project architecture, defining the structural outline for seamless user experience.
- Developing an AI-driven 3D tutor using active recall and the Feynman technique for learning.
- Implemented personalized learning paths and gamification, increasing student engagement and retention by 30 percent.

SILENT GUIDE | AI-DRIVEN SIGN LANGUAGE COMMUNICATION

- Contributing to system architecture and UI/UX, ensuring an intuitive and accessible interface for users
- Developing an AI-powered system using computer vision to translate sign language gestures into text and speech.
- Working on integrating text-to-speech and real-time video call features for seamless communication.

GENAI LEARNING GAMES | AI-POWERED INTERACTIVE LEARNING GAMES

- Developing AI-driven interactive learning games using Generative AI to enhance engagement and personalized learning experiences.
- Implementing adaptive difficulty levels and real-time feedback mechanisms to improve knowledge retention and problem-solving skills.
- Contributing to game design, AI model integration, and UI/UX for an intuitive and immersive experience.

EDUCATION

SRI SAI RAM ENGINEERING COLLEGE

BACHELOR OF TECHNOLOGY IN ARTIFICIAL INTELLIGENCE AND DATA SCIENCE

Batch : 2023-2027 | Chennai

Cum. GPA: 9.13 / 10.0

SKILLS

PROGRAMMING

2+ years:

Python • C

1+ years:

Matlab • MySQL • SWI-Prolog

TECHNOLOGY

Microsoft Excel • DBMS • MongoDB
Machine Learning • Tableau • Power BI
Artificial Intelligence • Git • DSA

ACHIEVEMENTS

IEEE XTREME

Ranked 1100+ globally out of 5000+ teams, demonstrating exceptional problem-solving, algorithmic thinking, and coding skills.

CERTIFICATION

NPTEL (Silver Elite)

GUVI

ICT Academy

Spoken Tutorial Project at IIT Bombay

SKILL RACK

Regularly engage in coding on the SkillRack platform

PATENTS

UV-BOT PROJECT(IEEE)

An autonomous robot designed for hospital sanitation, achieving up to 98.4 percent efficiency with human recognition and obstacle avoidance technologies.
